BUSINESS	
<p>New Business</p> <p>FJU6;0D</p>	<p>Special presentation by Katie LeBlanc - Placements Restructuring. She saw less than half of us are actually out in the community doing service. A lot of placements have less than the ideal number that they need. We struggle to retain members. We need more chances to get to know each other. She proposes we change to a system where all members serve both the league and the community.</p> <p>3 categories - Service to the league, service to community, social</p> <p>More community presence, members get to know each other, and flexibility/variety volunteering in a group</p> <p>Reward members who do go above and beyond.</p> <p>Katie showed us a spreadsheet as an example of getting points.</p>
<p>Old Business</p>	<p>None</p>
<p>Adjournment</p>	<p>Jessica adjourned the meeting at 8:10 PM</p>
